# COACH STAGG CONVINCED OF CHICAGO'S INFERIORITY

Chicago. Oct. 10.-Coach A. A. Stagg Chicago. Oct. In-Coata.

Of the University of Chicago, concedes Illinois a victory in next Saturday's contest at Urbana on the bases of the exhibition made in Saturday's football games. That Indians beat Chicago is to 0, and Illinois rolled up a count of 20 to 0 on Drake, is enough to convince the Chicago coach of his team's inferiority. Lack of experience will again defeat the Midway eleven, he predicts. The coach and his aides diagnosed Chicago's condition as extremely grave after a conference held yesterday with Saturday's data as chief evidence.

Two results followed Stagg's review of the game. Chicago will be given more scrimmage than ever this week and this varsity line-up will be held open until the last moment in the hope of hitting on a combination that can put up a struggle against the Urbana team.

Coach Stagg had no harsh words for his athletes, as he admitted their worst crime was youth and inexperience. of the University of Chicago, concedes

# BANNER YEAR IN BASEBALL FOR AMERICAN LEAGUE

"In every respect the 1910 season has been the banner year of the American league, both financially and in the standard of play. Striking features were the openness of the race until the new champions forged ahead to a more commanding lead in September.

"While the final figures on attendance have not yet been completed, the clubs of the league played to bigger crowds this season than in any previous race.

"The short schedule, for which the league has always stood, proved another big success, but steps will be taken at the winter meeting of the league to arrange a playing schedule that will ring down the curtain on or about oct. 15. About carrying the games into the middle of October, the players and the zhub managements injure the propularity of baseball and it always has been the alm of the American league to favor the short season."

Many favorable comments are heard among the automobilists on the action of the automobile club in taking up the matter of danger signs for the public lighways. This is something which is becoming more of a necessity every day as the number of automobiles increase. Already the members of the club have began locating danger points and asking the committee to place signs in these places. The committee in charge of the work is only too glad to receive this help from those who know of danger points or run across them in their daily travels, as it will save considerable delay in putting the signs in place as soon as they are received from the factory.

# CASE OF CHOLERA ON THE LINER MOLTKE

New York, Oct. 9 .- A case of cholera developed today in the steerage of the Hamburg-American lined Moltke, which has been detained at quarantine as a possible cholera carrier since Monday

Dr. A. H. Doty, health officer of the port, reported the case tonight, with the additional information that another cholera patient from the Moltke is un-der treatment at Swinburne island. This makes three cases of cholera that have actually reached this port.

Today's victim is Givonnal Falcigli, 3 years old, who came from Naples in the steerage of the Moltke. He is critically ill at Swinburne island, as is th cally ill at Swinburne island, as is the other patient, Rudolph Sellitch, a coal trimmer, who was regarded as a "susplicious case" and was responsible for the Moltke's detention. Although he has been at Swinburne island nearly a week, Sellitch is fighting the disease, and was still alive tonight.

Falcigli was stricken at neon today after a drunken debauch. A bacteriological examination showed his aliment to be undoubtedly a case of cholera.

"This case shows all the features of the Germanit case," said Dr. Doty tonight, "and is undoubtedly of the kind known as a 'cholera carrier.' The

# CHINESE BANQUET AMERICAN BUSINESS MEN

Pekin, Oct. 9 .- One hundred of the wealthlest Chinese merchants, recog-nized as the most conservative class, gave a farewell banquet last night to the delegation of American business men, representing the chambers of com-merce on the Pacific coast.

Clad in their purple robes, with blue and gold, and black caps, they formed a striking contrast to the Americans, who sat beneath the entwined flags o the dragon and the Stars and Stripes.
The Americans referred to their amazement at their reception, which they characterized as overwhelming throughout China, culminating in Pe-kin, where they had been admitted to the palaces of the Forbidden city, which

seldom have been opened.

American Minister Calhoun said that this was not only an event in the liver seldom have been opened.

American Minister Calhoun said that this was not only an event in the lives of the visitors from the Pacific coast, but in the history of China, as never before had a body of foreigners been received there with such good will and kindness. He added that there were few American business men in China. American trading having been carried on largely by mail, and he pointed out that America could not expect to compete with other nations without capable representation on the spot. He hoped that the visit of the delegation would be the beginning of a new era. The American delegation left this morning to visit the treaty ports. They will go as far as Canton and will sail for the United States on Oct. 25.

# UNIVERSITY TEAM WINS FROM AGGIES

In First Game of Season At Logan.

(Special to The News).

Logan, Oct. 8 .- The Aggles and the university football teams met here this afternoon and the Salt Lake boys were the victors after 6) minutes of clean hard play, the final score being Utah .. Aggies, 12. Utah's score was made up of gies, 12. Utah's score was made up of three touchdowns and a field goal, while Teetzel's men obtained one touchdown and two field goals, the latter being negotiated by Paddock, the captain of last year's team, the first from the 25-yard line and the other from the 35-yard line. Both were beautiful xicks and would have been good for at least 29 yards more. The game was marked by an absence of roughness as compared with the games of other years, and this was due more to the announcement made at the beginning of the game than to the change in the rules, President Widsoe of the college had taken a very firm stand against the prevalent roughness of football and had given the order that if rough tactes were indulged in the Acgies would be ordered from the field, no matter what effect it might have on the game in Utah or upon athleties in general. This had the effect of keeping the players within the rules, and the game was clean. Tackle Andrews of the Aggies had his hip hurt but the injury was not at all blamable to any fault in the play. The officials were generally satisfactory, Umpire Brusse being particularly so. three touchdowns and a field goal, while ticularly se RICHARDSON IS STAR.

"Heine" Richardson of the U. starred for his team, his long runs and big gains through cross bucks being in the main responsible for the university's scores. On the Aggle side Paddock and Jones were the stars. Holden, who after playing end for years, was put in at guard, played a remarkable game.

The U. scored in just five minutes after play had started when a kick kby Elmer Brossard was blocked near the goal, and the U. got the ball. After about 10 minutes more of play the Aggles had worked the ball up to the 20-yard line and Capt. Eghert ordered a try for goal from placement, Paddock doing the kicking. In the second period the U. made a big gain on a forward pass after an exchange of kicks had taken place and then with Richardson carrying the ball most of the time they bucked it for 20 yards and another touchdown and goaled. After the next kick-off the U. got the ball and then lost it on an attempted forward pass. On the second down Crookston of the Aggies made a forward pass that Jones touched and then chased after the ball and securing it near the line ran through for a touchdown. Quarterback Brossard goaled.

Just after the commencement of the last quarter of the game the II. was forced to kick from the 25-yard line and tried for a goal placement and he barely made it. A few moments later Paddock with the ball on the 25-yard line, was dropped back for a kick and from the 25-yard line sent the ball squarely between the goal posts. This ended the scoring. Mayor and Three Councilmen Desert Their Guis-Fire Hose Contract To be Ventilated.

Mayor John S. Bransford and bree councilmen, who so valiantly d ended, in the security of "caucus trenches, the proposed ordinance pro viding for the segregation of the police court prosecutor from the city attorney's office, have deserted their guns and there is not likely to be any hostilities at the session of the council tonight.

Those supporting the proposed or-dinance, which gave the mayor the right to fill the position of special prosecutor by appointment, have stumbled over a few of the serious obstacles that have met this proposi-tion and now after having jord all obstacles that have met this proposi-tion, and now, after having used all the "party" influence possible, have come to the conclusion that they are in a hopeless minority.

The matter of the purchase of 5,000 feet of fire hose may come before the council as a committee of the whole. Various bidders will submit samples of fire hose, and the members of the council will likely do the grand inspection act. The fire committee recommended that the contract be awarded to the New Jersey Car Spring company at \$2.5 cents a foot, but as there were lower bids the council decided to do a little investigating of its own.
